Gas

Commercial Utility Brokers (UK) Ltd has been using its expertise to assist large and small, single or multi site gas users throughout the UK and Europe since 1994.

Service Support

CUB UK are totally independent and will approach all suppliers to obtain the most competitive and appropriate gas contract to meet with your business requirements.

Our negotiation process enables us to facilitate the easy termination and tendering of contracts. We keep you informed at every stage of the process making management easy.

By tracking the energy markets daily we also keep you up to date with the price you are likely to pay for your energy contract to avoid any shocks. This way you have as much time as possible to make an informed decision about which contract you prefer.

Flexible Purchasing

CUB UK are at the forefront of developing flexible gas contracts and were one of the first companies to offer this alternative way of purchasing gas to customers. By listening to our customers needs we work to develop contract products to meet a varying need.

Fixed Price Tracking (FPT)

Gas prices are changing hourly and it is important to know how it will affect your business. CUB UK have developed a unique market tracking tool which provides us with the ability to provide contract comparisons daily.
