

**CHECKMATE
GROUP**

Checkmate Group have been using the services of Commercial Utility Brokers (UK) Ltd since 2002, we have always been impressed with their friendly and honest approach.

Since that time our company has undergone a number of changes and CUB have always been able to assist by ensuring the changes are communicated with our energy suppliers in the most appropriate way. They have saved the company both time and money by ensuring we are on the most competitive offer available, and by negotiating with all the major suppliers on our behalf so we don't have to.

We would be more than happy to recommend CUB to another business wishing to save time and money.
